I have not- yet- received directions in reference to my journey or money for travelling expenses.

I suppose they will come in good time. I am quite well, but tired. I will try & rest- soon before I start-

My dear Mr. Barnes,

Your favor has been received.
I received a letter from Jenn Lee.
At Price this week. She found
had heard six sentences in Ephra-
im. She said he had sent my
letter to Miss Tackbach & she
would write, [illegible].

I am somewhat acquainted
with Mr. P. H. Sinclair of
Cedar Rapids & also heard
favorably of him while
I was at Cedar Rapids.

I will write to Mr. Sinclair
as you suggested

clothing all prepared excepting some few mitts. I have heard lots about getting chums & escapes not knowing anything about the climate of that part of Utah. I suppose I will not have to travel alone, probably Miss Noble will go out about the same time & perhaps others will be going. I do not dread the journey but rather expect to enjoy it very much.

Hoping to hear from you soon I am Respectfully & truly yours,

Dear Mrs Haines:

I received yours of Aug. 27th with the check of $9.00 & the half fare card from Omaha to Ogden.

I have concluded to wait & join the 8th Excursion at Omaha. I received a postal card from Mrs. Little directing me where to go when I reach Omaha. I almost fell as though I ought not to wait but I was so tired from the heat & the necessary sewing that me all fell as though it necessary to do so. I am getting nicely rested & I intend to enjoy my trip

all I possibly can.

I think I will be better fitted for my work, for the rest that I am now taking.

I now intend starting from here on Friday that will bring me to Omaha on Saturday. I will keep a strict account of traveling expenses as you directed. I am quite well & enjoying myself making some visits among friends & relatives. Can ask if there are not some churches in this Presbytery I think that do something for my work in Utah I think perhaps the church at Jonesville might. The Rev. C.H. Hare is pastor & perhaps on our Sabbath School here in Peoria may be able to do something. The friends in Janesville

& our little Sabbath School are very
much interested in my going
to be as a very little band but
nothing to keep us together but
our church property & a little
Sabbath School of which my father
is superintendent. The tears
will come to my eyes when I
think how my dear father &
mother have labored for this
church & to see it in so hopeless
a condition. Father had
faith to the last that the
Lord will yet raise it up.
He said all the labor & the
prayers that had been offered
for it would not be lost.
We can not see that any
thing can be done unless the
Board takes hold of it & sends
some one to our rescue.
Please excuse my rambling

written to come & our friends asking them to help us in getting a bell. The children are so often tardy & it is so easy for them to forget to come to Sabbath School when there is nothing to remind them that there is such a thing.
I hope & trust that we will get it. We would like to know where our organ came from. It has been quite a treasure to us & I have had to practice pretty hard so as to be able to use it. We could not come until little Mabel died. I played it the second Sabbath after it came. I hope our friends will help us get this bell as we need it very much. Our Sabbath School is quite

Dear Mary

It is some time since we have heard from you & sometimes since you have heard from us. During the summer we went four weeks in the northern part of the Territory. We were in Lower Kanab Canon & attended Presbytery at Ogden. In going up to Milford in the stage I took cold which settled in my bronchial tubes & I was sick all the time we were gone & am just beginning to recover my strength & to be able to talk or sing much without coughing

[illegible] service so very well attended last Sabbath there were about a hundred present. We are very [illegible] to have a Sabbath school [illegible] Sunday afternoon [illegible] Sunday [illegible] Mary Smalley

I am quite large + am very

Which we think is a very
good beginning Last year
we commenced with eleven
There are quite a number to
come in soon so that probably

us from Presbyterian - She is keep
ing house for her brother - Will

Christmas - It seems more like
home to have others around us
to whom we can talk Miss Stafford
ford + Miss Burke have been

stopping with us for a week or two Mrs Burke will start this afternoon for St-Senge until some arrangements can be made at Coquenille.

Mrs Boyd & Mr Williams visit to us was very pleasant.

How nice it would be if you could take a trip through Utah. You would be so very very welcome. We have completed our new stairs & they are such a comfort to us. The others come up in the middle of the room & the noise was almost too much some times. Just now we are trying to raise money for a well. We need one very much as there is no railroad here & the checks are very scarce & poor. We have
